The Fall Private Track Day went off without a hitch. One vehicle did go off track into a tire wall, but after a smile and a shrug he said he would be back again. Big thanks to all those that came out and enjoyed the day, and bigger thanks to those that helped put it on. We had an array of Ferrari, Lamborghini, Porsche, Mustang, Corvette, GTR, and many other very quick vehicles that burned rubber around the track.

We took a few shots and a little video:
